

**NETTELLER MEMBERCONNECT SUPPORTED BROWSERS**

MemberConnect Releases up to **2009.00** have been successfully tested with the following browsers:

IE 7.0.5730.13C0 (XPsp2 & Vista)

Firefox 3.0.4

**Internet Explorer 8.0 Users**

Recognizing there may be compatibility issues, Microsoft has provided an option in IE 8.0 to force an IE 7.0 **Compatibility View**. NetTeller MemberConnect clients can set up the compatibility mode using the following method:

- Go to the IE command bar.
- Select **Tools**.
- Select **Compatibility View Settings** to add the Netteller Login site address.

.....  
Multi-Factor Authentication project has been successfully tested with the following browsers:

IE 7.0.5730.13C0 (XPsp2 & Vista)

Firefox 3.0.4  
.....

Member Connect **DOES NOT PROVIDE SUPPORT** for operations on the following browsers:

- AOL
- Web TV
- MAC running Internet Explorer
- MAC running Safari

**Subject to change**
